Coffee Humor

Coffee Cake

A former roommate baked a coffee cake and asked me to sample it.

It was pretty tasty but I asked her what the small crunchy things were in the cake. She said the recipe called for 2 cups of strong coffee.

You guessed it. She put two cups of pure coffee in - not perked coffee!!! Quite a buzzzzzzzz from that cake.

Cuppa Coffee

I was having lunch with my nine-year-old son, when the waitress came by to ask if we wanted a drink.

"I'll have a decapitated coffee," my son said in all seriousness. The waitress smiled and poured him a cup.

Not to be outdone, she later returned with the coffeepot a few minutes later and said, "Can I put a head on that for you?"

What's New!

Why stop at the convenience stores when for 1/2 the price you can have it all in your breakroom?
