## Coffee Corner

### Happy Holidays

**We hope you have a safe and Happy Holiday.**

We are excited to announce Café to You will be introducing more options to our coffee line up. We have been listening and we heard you....we are bring in a 2.5 ounce coffee Black Gold that will be here after the 1st of the Year. (More details to follow)

We try to make sure you always have clean pots, but in between visits we need your help.

A clean coffee pot is essential and will make a world of difference in how your coffee ultimately tastes. An unclean coffee pot has residual coffee oils that remain from the previous batches of coffee.

Be careful about using a whole lot of soap unless you're sure to remove any remaining residue, following with a good wash and rinse to neutralize any remaining acids and coffee oil.
