## Coffee Corner

**Iced Coffee and Tea season right around the corner!!!**

**Ice Machine...Iced Tea • Iced Coffee**

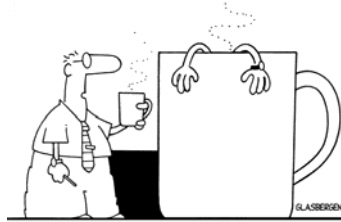

Café to You is proud to announce the arrival of its new countertop ice machine. The new icemaker can be used as a plumbed in or pour over system and does not require a drain. This easy to use machine produces a tray of ice every seven to eight minutes and approximately 33 pounds of ice per day

with an outer body color of metallic charcoal gray. ....it will be summer before we know it!!!

### POU (Point of Use) Coolers

Say "Goodbye" to those expensive and heavy bottles of water. We have the perfect solution..... Café to You bottleless water coolers. Remember, when you use one of our bottleless water coolers, you will never have to worry high monthly costs associated with a water supply company, no more empty bottles or waiting for your new supply of full water bottles to show up and no more hassling with those heavy bottles. We hook your new Café to You water cooler into your existing cold water line and get ready to enjoy an endless supply of quality clean filtered drinking water.

## Coffee Humor

"One of those days, Phil?"

**Happy Birthday Tony & Bill!**

### You know you are addicted to coffee if ...

- You sleep with your eyes open.*
- You have to watch videos in fast-forward.*
- The only time you're standing still is during an earthquake.*
- You can take a picture of yourself from ten feet away without using the timer.*
