Communication is Key!

I wanted to take a few lines to clear up a few questions about our new Café to You packaging.

1. *Is the Café to You coffee in the new yellow bags the same as the old Goodman, black, blue and green bags?*

Yes it is exactly the same coffee, what IS new and we never had before is the private label House Blend Regular and Decaf.

2. *Why does the coffee not fill the bag?*

Rest assured the amount on the outside of the bag has been calculated and weighed so if it say 1.5 oz, or 1.75 oz. that is what you are getting. We made the bags capable of holding up to 2.5 oz, in looking to future possibilities.

3. *We are having a hard time reading the small print on the coffee bags.*

Good news! I have contacted our roaster and in the near future you will be seeing larger print on the bags.

I hope this clears up some of the questions. Please if you ever have any concerns let us know. info@goodmanvending.com

Coffee Humor

I met someone in the elevator who was drinking coffee and complaining about how coffee made him nervous. I said "Why don't you quit drinking coffee?" He said "Because if I didn't have the shakes, I wouldn't get any exercise at all."

A man and his wife were having an argument about who should brew the coffee each morning.

The wife said, "You should do it, because you get up first, and then we don't have to wait as long to get our coffee."

The husband said, "You are in charge of cooking around here and you should do it, because that is your job, and I can just wait for my coffee."

Wife replies, "No, you should do it, and besides, it is in the Bible that the man should do the coffee."

Husband replies, "I can't believe that, show me."

So she fetched the Bible, and opened the New Testament and showed him at the top of several pages, that it indeed says: "HEBREWS"
