Coffee Humor

I believe humans get a lot done, not because we're smart, but because we have thumbs so we can make coffee.
(Flash Rosenberg)

Turkish bridegrooms were once required to make a promise during their wedding ceremonies to always provide their new wives with coffee. If they failed to do so, it was grounds for divorce! (Ouch!)

Up until the 1870's most coffee was roasted at home in a frying pan over a charcoal fire. It wasn't until recent times that batch roasting became popular.
