Coffee

ORNER

The search for quality coffee is real and Café to You is striving to meet the demand.

"Office coffee service operators are giving employees reason to spend their breaks in the breakroom by offering gourmet coffees, teas, espressos and cappuccinos, as well as a range of allied products that rival (and sometimes exceed) the selection available at the coffee house down the block or across the street. And managers who understand the real cost of employees leaving the workplace to seek out a quality cup of coffee have a new appreciation of the value of a professional break management service. The renewal of public demand for quality coffee, its growing availability through gourmet coffee shops, and the ever-stronger insistence by employees on obtaining good coffee, even if they had to leave the building and cross the street to get it, overcame this impasse during the last decade. The appeal of a cup of fresh coffee, brewed automatically to the patron's taste and delivered at any hour of the day or night was attractive to a growing number of clients with 24/7 workforces."

Coffee Humor

ENJOY YOUR COFFEE.....

A group of alumni, highly established in their careers, got together to visit their old university professor. Conversation soon turned into complaints about stress in work and life.

Offering his guests coffee, the professor went to the kitchen and returned with a large pot of coffee and an assortment of cups - porcelain, plastic, glass, crystal, some plain looking, some expensive, some exquisite - telling them to help themselves to the coffee.

After all the students had a cup of coffee in hand, the professor said: "If you noticed, all the nice looking expensive cups were taken up, leaving behind the plain and cheap ones. While it is but normal for you to want only the best for yourselves, that is the source of your problems and stress.

Be assured that the cup itself, adds no quality to the coffee in most cases, just more expensive and in some cases even hides what we drink.

What all of you really wanted was coffee, not the cup, but you consciously went for the best cups...and then began eyeing each other's cups.

Now consider this: Life is the coffee; and the jobs, money and position in society are the cups. They are just tools to hold and contain Life, and the type of cup we have does not define, nor change the quality of Life we live.

Sometimes, by concentrating only on the cup, we fail to enjoy the coffee God has provided us." God brews the coffee, not the cups.....enjoy your coffee.....

Why stop at the convenience stores when for ½ the price you can have it all in your breakroom?
